

May 24, 1992

Dear Harold,

I hope you are feeling well today. I hope that you had time to see the Fox network tape that I sent you. Some of it is similar to the JFK movie since it also depicts 6 shots being fired. Most people heard 3 shots but echos could have been a factor as also two shots being fired at the same time. Some recent things that have me confused are as follows"

What do you think about the deaf man who actually saw the shooter behind the picketed fence. He has been on several programs. I just found out that workmen were redoing the the 6th floor of the TBS that week and this would have enhanced anyone chances of coming in and posing as a workman. In all of the books I have read, I don't think that this was ever brought up. This was in the JFK movie. I am taping it for my assination library. I don't have a lot but if you have anything extra or you are going to discard, please keep me in mind.

My wife and I have inherited a home in the Myrtle Beach area of SC. If you are able sometimes you and your wife may come and stay with us for a short while if you so desire. We will welcome you with open arms.

Yours Truly,

Al newton
